

Company Background

Enviro Labs Ltd. (ELL) is a HOKLAS accredited testing laboratory in Hong Kong. Our main scope of services include environmental, food, and cosmetic testing. Since 1994, ELL provides professional testing services and analytical supports for projects relating to environmental and hygiene issues, serving a diverse client base from small business to large firms, consultants and the Government.

ELL equipped with sophisticated testing instruments such as LC-MS/MS, ICP, GC-MS, HPLC, AAS, FIA, etc. With our experienced chemists, microbiologists, and engineers, we provide testing services to a level that conforms to international standards and clients' requirements. To provide high quality testing services, to improve ourselves continuously, and to fulfill or even exceed the needs and expectation of our clients are the quality objectives of our laboratory.

HOKLAS Accreditation

The Hong Kong Laboratory Accreditation Scheme (HOKLAS) is an accreditation scheme operated by the Hong Kong Accreditation Service (HKAS). The objective of the scheme is to upgrade the standard of testing and management of Hong Kong laboratories and to officially recognise competent testing laboratories in Hong Kong. HOKLAS accreditation criteria are in accordance with ISO/IEC 17025:2005 "General Requirements for the competence of testing and calibration laboratories".

ELL is registered as a HOKLAS accredited laboratory (registration number 128) and our standard of testing complies with the ISO/IEC 17025. As a HOKLAS accredited laboratory, our capabilities to perform specific tests are assured and officially recognized by the Government Departments. Updated scope of accreditation of our laboratory is available on the web-site of HKAS.
